A Circular Partnership

“The VAVS plan is unique in government operations. I know of no other plan by which the national voluntary organizations participating in a government program advise with the government agency – and in turn, are advised by the agency on a continuing basis for the effective and purposeful use of the volunteer resources of the organizations in the agency’s programs.”

James H. Parke (1961)
VAVS – What is it?

The VAVS Mission

• VA Voluntary Service's mission is to provide a structured Volunteer Program under the management of VA compensated employees in cooperation with community resources to serve America’s Veterans and their families with dignity and compassion.

• VAVS supports VA and VHA strategic goals by recruiting, supporting and retaining a knowledgeable, diverse and engaged supplemental workforce of volunteers.

• The volunteer programs throughout the country assist management in the delivery of VA health care by improving access to care, assisting with long-term care, improving patient satisfaction and much more.
Definitions

• **Without Compensation (WOC) Volunteers**
  Volunteers accepted in the VAVS Program are considered WOC employees. WOC precludes monetary payments, or any form of compensation by VA not authorized by policy.

• **Regularly Scheduled (RS) Volunteers**
  RS volunteers are individuals who have registered to participate in the VAVS Program in a regularly scheduled assignment under VA supervision and who have completed a volunteer orientation. (Frequency of participation is determined locally.)

• **Occasional Volunteers (OV)**
  Occasional volunteers are those individuals serving under the VAVS Program who do not meet the requirements of RS volunteers. Individuals frequently volunteer with a group or organization on an occasional basis.

• **Student Volunteers (21 and under)**
  Student volunteers under the age of 18 must have written parental or guardian approval to participate in the VAVS Program. The minimum age for volunteers is determined by facility management.
